Agency History

The North Dakota Aeronautics Commission was established in 1947 by the State Legislature assigning responsibility for the state aviation functions. The Governor appoints the five members of the Aeronautics Commission to the board for terms of office of five years. The Commission staff is composed of the Director and four support staff. The office location is at the general aviation pilot terminal on the Bismarck Municipal Airport, Bismarck, ND.

Agency Purpose

The North Dakota Aeronautics Commission supports aviation activities in the state through communication with state and local organizations, Federal Aviation Administration (FAA), congressional offices, local airports and national aviation groups. The commission is largely funded through aviation fuel taxes, aircraft excise taxes, and aircraft registrations. This small and efficient state agency is able to leverage its financial efforts by teaming with the FAA, and staying involved with aviation activities across the state through a strong network of communication. The North Dakota Aeronautics Commission appreciates those that assist with airport operations, promote the aviation industry and utilize the airport system that the state has developed.

Public Airports in North Dakota

Agency Activities

Airport Intern Program: Encourages commercial service airports in ND to hire a management intern by reimbursing airports for internship costs.

Airport Grant Funding: The Aeronautics Commission disperses approximately 2.5 million dollars annually to airports across the state for airport improvement projects. These funds are derived from aviation fuel taxes, aircraft excise taxes, and aircraft registrations.

Airport Inspections & AFD Updates: Each public airport is inspected at least once every 3 years and safety recommendations are made at the time of each inspection. North Dakota airport information that is used in the FAA Airport Facility Directory is also updated by the Aeronautics Commission staff.

Agricultural Operator Alert Map: A map of alert areas (towers, organic farms, etc.) can be found on the Aeronautics Commission website.

Aviation Education Grant Funding: The Aeronautics Commission provides grant funding for aviation education programs. Applications are accepted at any time from aviation enthusiasts, airports, or aviation organizations.

Aviation Publications and Planning Documents: Aviation Economic Impact Studies, Aeronautical Charts, Airport Directories, State Aviation System Plan, Pavement Condition Index Study for ND Airports.

Flight Training Assistance Program: A program that reimburses airports for flight instructors' transportation costs when they are brought in from elsewhere to train locally.

International Aviation Art Contest: An annual event encouraging students ages 6 through 17 to express their creativity while celebrating aviation.

ND Aviation Council: The Commission works with the ND Aviation Council in supporting and promoting aviation and its activities. The ND Passport Program, Upper Midwest Aviation Symposium and the ND Aviation Hall of Fame are a few of the activities.

Regulatory Function: The office is responsible for administering North Dakota's laws in regards to registration of aircraft, aircraft dealers, aerial applicators, and the collection of aircraft excise tax.
